Price offer

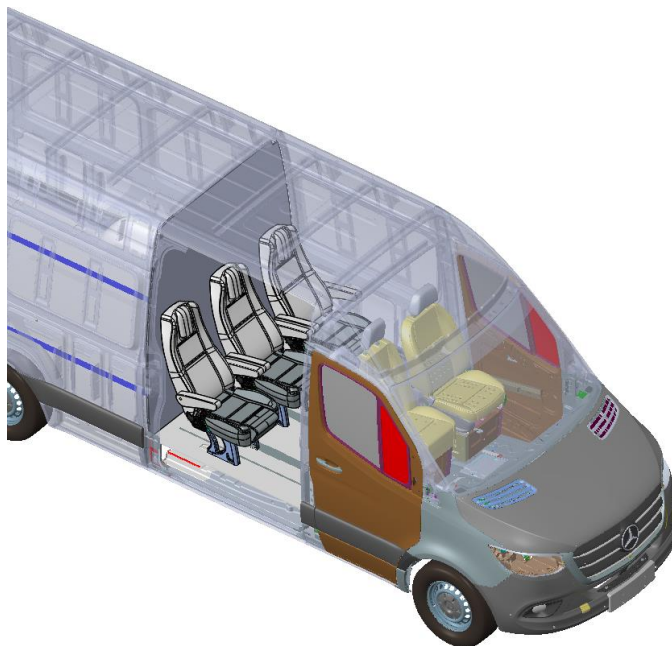

Crew Cab conversion (5+1) Mercedes-Benz Sprinter L3 long

All vans converted into a Crew Cab variant, which MAISON offers, are built around the needs of the client, such as additional legroom, additional space of the cargo compartment, a practical color scheme of the seat upholstery, a gray plywood floor or a floor with a textile coating, etc.

Passenger compartment

To meet the high demands on the passenger compartment, we offer you removable seats. Additional rows of passenger seats can be fitted with a host of additional accessories that you can order with the conversion into a Crew Cab van.

Passenger seats*

- One of the possible offered seat options

The list of components is indicated in the application.

**Price of a set with 3 seats:
15 000,00 Euro (incl. VAT) with options**

Payment in UAH at the NBU rate on the day of invoicing
